

SEVEL

The **Aspen "Deluxe"** is everything you can ask for in a showcase. This showcase separates itself from the competition with its sleek exterior design along with using the highest quality internal components. The forced air refrigeration system provides equal cooling for your product even in extreme conditions. Presentation is everything and the same holds true with this showcase. When it comes to presenting your product, the Aspen "Deluxe" exemplifies this with its pan slope of 8 degrees which allows even a small child to see clearly inside the showcase.

Other standard features include:

- Double Pane Heated Front & Side Glass
- Back Lit Flavor Labels
- Temperature controlled using a digital control panel
- Automatic hot gas defrost system
- 2" caster wheels included
- 5-liter stainless steel pans included
- Available in all colors at no additional charge
