xm

The automatic

XM, to offer creamy coffee and other delicious "trendy" specialties like moccacino and milky coffee. The help to achieve a high quality during the daily routine. Automatically, the good coffee to whom to entrust a moment of relax.

Reliable and shining

XM, the compact drinking station, suitable for small and medium communities. Elegant, it creates around a friendly and shining atmosphere, night and day.

Light attracts people – hospitable atmosphere by day and by night.

Something more, to make the difference

Fresh-Brew, two different infusion systems in one compact group to dispense delicious tea leaves and tasting filter coffee. An uncommon and quality option.

The detail

Compact and hard working micro brewer for a stronger estraction of the products. The patented Speed-Mix system for the infusion of soluble drinks.

Design and colours

Designed from the well known architect Luan Peter Hasnay. Available in the instant, espresso and fresh-brew version and in black and silver colour.

User-friendly technology

XM, is totally programmable through selection keyboard or flash key. All parts can be quickly and easily removed without tools. Integrated cleaning program to make easier the cleaning service.

Paying with system

Arrangements for coins or cash-less systems in serial, executive or MDB protocol.

Coins, tokens

Cash cards, key systems

Beverages served perfectly

Beverage dispensing as desired in cups, glasses, coffee mugs.

Cash module for money changing systems

Flexibility, variety and taste. Concepts to find solutions.

High programming flexibility.

The innovative electronic software, which grants a high setting flexibility and a wider autonomy to define and program every single selection.

Wide offer variety.

The secret of success? To offer something for every taste. Espresso and a wide choice of different coffee specialties, like cappuccino, moccacino, latte macchiato, cappiccio to satisfy the desire to enjoy a delicious hot drink.

Your own recipe.

Simply starting from the main products like milk, coffee and chocolate you might create your own recipe and decide how to mix them together to obtain different drinking results in taste and appearance.
