 **luce shop**

A global best-seller totally flexible.

luce shop

10, 12, 14 o 15?

Assessing how many shelves are needed should be the operator's business, not the result of an engineering limit. But who else can offer you such a variety of solutions, from 80 up to nearly 500 pieces. 10, 12, 14 or 15 drums with different sell prices and 8/32 items per drums.

PRO Damian

It is certified for a 3° C temperature control in full compliance with the specifications for perishable food vending (Pro version). The thermal isolation and defrost system of the Pro version also includes a heating element for the door and a cold air circulating system, providing qualified performance even in the extreme conditions of climatic testing chamber.

Design and colours

Designed by the wellknown architect Angelo Micheli - Studio De Lucchi - in cooperation with Damian available in black and white color.

Reliability

FIFO Kit with "CleverShop" system. To make sure that items are sold following a correct order.
