Santos : French company, was created in 1954 by André Fouquet to provide professional coffee grinders and cheese graters to small retailers. The company's development since then has been based on our savoir-faire with respect to production of motors, and this is undoubtedly one of the reasons why Santos' products are reputed for their robustness and reliability.

50 years after the launch of its first product, the company continues to grow via innovation and development of new products at its headquarters in Lyons (two hours by train from Paris and Geneva).

We have three different product lines: coffee, fresh drinks, and food preparation.,orange juicers and other all type of juicing machines

The thousands of high quality appliances that are produced in our factory are in accordance with the most stringent international regulations (UL, GS, CE, NSF, KETI, GOST, etc...) and can be adapted to all relevant voltages.

Hamilton Beach : Glass Jar Blenders: Plenty of capacity and a durable glass jar including measuring marks and a comfort handle to make pouring easy. Dishwasher safe and available in many different sizes, colours and shapes with a multitude of accessories.

Dual Wave Blenders: Using the Dual Wave Action system, this Blender allows you to make 2 separate shakes at once or blend a massive pitcher for a party. IT also comes with a dispensing spout that makes drink pouring a breeze, and it only takes 30 seconds to get to the perfect consistency.

Plastic Jar Blenders: A lightweight option of the Hamilton Beach Blenders that does not compromise on robustness and is very sturdy. Perfect for making the kids a smoothie with the light weight but very durable break resistant plastic jar.

Dispensing Blenders: Along with the unique wave action blade system, this Blender contains a dispenser for pouring your drink which can be removed for washing so that it is always clean for your next use. Included in the range are the Plus, Express and Versatile models.

Commercial Quality Blenders: If you are a serious cook then you know the value of a serious kitchen tool. Used in many restaurants and bars throughout the world for a hundred years, these Hamilton Beach Blenders do the best job of blending and at lightning speeds. Designed for performance and built for durability.

Single Serve Blenders: Made for busy people that are always on the go, the single serve cup that you use to blend can then be taken with you and includes a sip cup. What's more is that the cup is designed to fit most cup holders in cars and as with almost every Hamilton Beach Blender, it is dishwasher safe.

Multi-Purpose Blenders: Not only can you blend drinks, but this blender has a 3-cup capacity chopper that lets you process food on the same blender. No more need for multiple appliances for food processing. With different styles and cup sizes, the choice truly is yours.

Hand Blenders: The ultimate in ease-of-use where you can blend, chop, mix, whip and puree directly in the bowl or pot thereby reducing dishes. Some models even have special whisks. A non-slip grip and easy to remove attachments make this a nimble kitchen companion.

As you can see, Hamilton Beach Blenders offer you a wide variety and they have innovated their products for nearly every type of conceivable use in the kitchen. Plan your next Blender purchase knowing that Hamilton Beach will provide you with the best blender system, after-sales service and warranty as well as functionality that suites you and the family.

Blast chillers and Freezers: Blast chilling is a technology that uses the well-known preserving properties of cold to maintain food hygiene and safety unaltered over time without affecting quality. Blast chilling or shock freezing not only stops the reproduction of the micro-organism that are naturally in food, but also helps to preserve the organoleptic and nutritional characteristics of food products and to extend their storage life. Blast chilled or shock frozen food has the same quality taste and consistency of fresh prepared food and this is obtained saving plenty of time and money. By integrating this profitable and indeed essential technology into food preparation activities Pabatech blast chillers are the first-class partner of every professional.

We're supplying all type of Kitchen equipments, Refrigerators, display cabinets, blenders, coffee machines, slicing machines, packing machines to Thousands of CAFÉ & Restaurants, Hundreds of Hotels, bakery, Catering company, super markets, educational centers, Shopping malls, private firms and Government office in all over UAE.
